The Department Commander directs the attention of the comrades to the importance of the uniform. Nothing aids more in the success of a Post than to have all its members uniformed. Hereafter the uniform of this Department will consist of a black soft hat with gold cord, a blue fatigue coat, single-breasted, with four brass buttons and two on each sleeve, vest same, with dark pantaloons. The suit complete, of best Middlesex flannel, with two sets of buttons, can be bought from reliable cookiers at from \$8 to \$12. Comrades are requested to avoid cheap suits that fade and will not bear washing. Post Commanders will also give particular attention to the wearing of the badge. comrade should appear at a regular or special meeting in the Post room or on parade without his badge, worn in its proper place upon his left breast. The Department Commander avails himself of this early opportunity to congratulate the Woman's Relief Corps on their splendid work during the past year, and to extend to them the thanks of the conrades for the inestimable services rendered the Grand Army of the Republic. Their labors in behalf of our needy and suffering comrades and the widows preservation of the Republic and the honor of our than by organizing Corps as valued auxiliaries to every Post in the Department. Post Commanders: The Department Commander desires to call your attention to a matter that is very near to his heart, and that should receive your earnest consideration and best efforts at once. It is in regard to the suspended and dropped members. Think of it! There were 3,151 comrades suspended for non-payment of does during the year 1888. The number dropped during preceding years added to this would swell this army of "debarred" comrades to startling proportions. I call upon you to do your part to bring these comrades back into our ranks. If they have been unfortu-nate, and have fallen behind in their dues because of a want of means, or "hard times," or sickness, see that their dues are remitted, and that they are restored to membership. It is better to have their presence at your meetings, their comradeship, and their does for the future, than to beliar them the privileges of the Post, and deny the Post the bene-fit of their comradeship. If any class of persons are entitled to the most liberal consideration, it is those who, simply for a want of means, have been compelled to drop out from our ranks. You cannot afford to pass them by. I entreat you to bring this matter before your Post at once; have the roll

of dropped members called, and take such action as will speedily restore them to the ranks. C. J. Murphy, Commander Farragut Post, No. 27, Evansville: Farragut Post, of Evansville, has re-ceived letters from several Posts in regard to per-sons claiming to be members who have misrepresented themselves. There seems to be a systematic method to impose upon unsuspecting members of the G.A.R. Some of these beats have the countersign and grips, and use them to deceive. We have heard of two of these frauds in the past month, One was burying an uncle in Chicago, and was sandbagged and robbed; claims to be hard of hearing; wears all the paraphernalia of the Order; has the grips, and is a good talker. The other had a sick child and wife on a train; one hand; pathetic looking customer, but gives the wrong Post. This fellow styled himself Fred Winter, of John Sedgwick Post, Evansville, Ind.
